

DEPARTMENT OF CHEMISTRY

Indian Institute of Technology Madras

Ph.D. Admission – July-Nov. 2017 Semester

Large number of Ph.D. vacancies are available in the following areas:

- 1) Bioinorganic Chemistry
- 2) Theoretical Physical Chemistry
- 3) Statistical Mechanics
- 4) Colloid and Interface Chemistry/Computational Chemistry
- 5) Organometallics for Polymer Synthesis and Homogenous Catalysis

However, at any given time, varying number of vacancies for Ph.D. scholars do exist in all major disciplines: Organic Chemistry, Inorganic Chemistry, Physical Chemistry and Theoretical Chemistry.
